

Amateur Public Links Qualifier
Red Hawk Run
Pace of Play Policy

Rule 6-7 states, in part: "The player must play without undue delay and in accordance with any pace of play guidelines that the Committee may establish" and thereafter prescribes penalties for slow play. In order to prevent such penalty, please carefully review the following guidelines.

Allotted Time

Pace for the round is set at 4:40 hours, based on allowing 12 - 25 minutes per hole plus 16 minutes at the turn.

Definition of "Out of Position"

The first group to start will be considered out of position if, at any place during the round, the group is behind the allotted time to play.

Any following group will be considered out of position if it (a) is taking more than the allotted time to play **and** (b) reaches the tee of a par-3 hole and the preceding group has cleared the next tee; reaches the tee of a par 4 hole and the putting green is clear; or reaches the teeing ground of a par-5 hole when the preceding group is on the putting green. NOTE: Both (a) and (b) must apply for a group to be out of position.

Group Out of Position

It is each group's sole responsibility to keep pace and know if they are out of position. If a group is out of position, players in that group may be monitored and timed without notice by a Rules Official. Players may ask a Rules Official at any time if they are behind and/or if they are being timed.

Monitoring/Timing

When a group is being monitored and timed, each player in the group is expected to play any given stroke within 40 seconds after timing of the player's stroke begins.

Other than on the putting green, the timing of a player's stroke will begin when she has had a reasonable opportunity to reach her ball, it is her turn to play and she can play without interference or distraction. Time spent determining Yardage will count as time taken for the next stroke.

On the putting green, timing will begin after a player has been allowed a reasonable amount of time to lift, clean and replace her ball, repair her ball mark and other ball marks on her line of putt and remove loose impediments on her line of putt. Time spent looking at the line from beyond the hole and/or behind the ball will count as part of the time taken for the next stroke.

Penalties

The following are the warnings and penalties, in sequence, for any player in a group out of position and being timed who takes more than the allotted time to play a stroke:

- One bad timing: warning to player that she has had one bad time
- Second bad timing: one stroke penalty
- Third bad timing: additional two stroke penalty
- Fourth bad timing: disqualification

Note 1: Players should also be aware that the Committee may assess a "bad time" to a player in a group which is out of position if the player makes no effort to help her group get back in position. An example of this would be a player who unduly delays play between shots or between holes.

Note 2: If the group in question regains its proper position, any previous timing of more than 40 seconds will be carried over for the remainder of that round in the event the group requires additional monitoring.

Rulings or Other Incidents

If a ruling or some other legitimate delay occurs which causes the group in question to lose its position with respect to either the allotted time permitted and/or the preceding group, players are expected to make up the time and/or position.

We sincerely request your cooperation so this event will be a more pleasant experience for everyone.
